

# ENSURES STRONG AND HEALTHY BONES

Food supplement

Liquid 100ml

## DESCRIPTION:

As our bones grow continuously throughout childhood and bone development is not complete until adolescence, **getting enough calcium** into a child's diet is **crucial**.

Syrup not only contains calcium but other **vitamins and minerals** which **help calcium absorb** into the body.

## LIST OF ACTIVE INGREDIENTS:

- **CALCIUM** -
  1. Needed for the maintenance of normal bones and teeth, normal growth and development of bone in children.
  2. Contributes to normal muscle function, normal neurotransmission, normal energy-yielding metabolism.
  3. Has a role in the process of cell division and specialisation.
- **VITAMIN D3** -
  1. Needed for normal growth and development of bone in children.
  2. Contributes to normal blood calcium levels, normal absorption/utilisation of calcium.
- **VITAMIN K2** -

Contributes to the maintenance of normal bones.

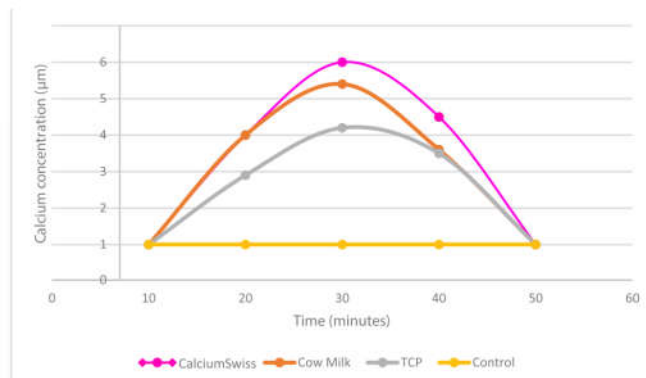

## SUGGESTED USE:

You can be sure your child is getting everything they need from that **one tablespoon of syrup a day**.

Suitable for children (3+ years).

## BIOAVAILABILITY DATA:

CalciumSwiss comprises a highly bioavailable non-animal source of **micronized Tricalcium Phosphate**.
