

PUMP UP YOUR HEART WITH CONIFER POLYPRENOLS AND COENZYME Q10

Food supplement

Soft gelatine caps

DESCRIPTION:

Heart disease remains one of the leading cause of death for both women and men. Even if you have a family history of heart disease, some nutrients can help keep your ticker in top shape.

Patented composition⁽¹⁾ of polyphenols and coenzyme Q10 **reduces statin-induced adverse effects**, as well as **improves the functionality of myocardium and muscle cells**.

LIST OF ACTIVE INGREDIENTS:

- **SPRUCE NEEDLE POLYPHENOLS** - unique natural substance - bioregulator obtained by original technology from conifer tree needles and play a vital role in cell metabolism and thereby impact such organ systems as skeletal muscles and heart, liver and brain.
- **COENZYME Q10** - natural antioxidant synthesized by the body. It is present in higher concentrations in organs with higher energy requirements such as the heart. Coenzyme Q10 is a vital participant in the chain of metabolic chemical reactions that generate energy within cells.
- **FLAXSEED OIL** - loaded with healthy omega-3s, alpha-linolenic acid that have been associated with healthier brains and hearts.

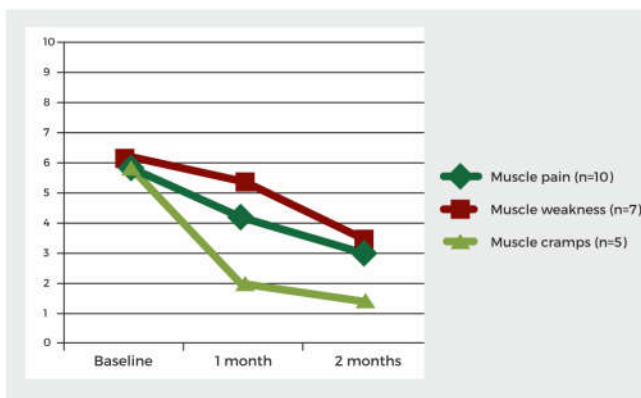

SUGGESTED USE:

1-2 capsule daily

CLINICAL DATA:

 (open-label, one-center prospective pilot study
11 patients)

Self reported muscle symptom scores during the study period

This complex of active substances with the synergic relations between its components:

- ☑ Improves metabolism and functionality of myocardium⁽²⁾;
- ☑ Alleviates statin induced muscle symptoms⁽³⁾;
- ☑ Reduces statin-induced adverse effects (myopathy, rhabdomyolysis, kidney damage, and liver dysfunction)⁽³⁾⁽⁴⁾;
- ☑ Improves muscle strength⁽⁴⁾;
- ☑ Increases load tolerance and energy.
